Zodiac Refit

https://exaktor.com/en/product/zodiac-refit/

2026-11-09

- Upgrade from fluorescent to LED
- Quick and easy assembly
- Made in Värnamo, Sweden

With the Zodiac Refit insert you replace the mounting plate in Zodiac luminaires that are 1700mm long. All components are mounted on the insert plate and it is easily mounted using the bracket that holds the reflector and the existing luminaire does not need to be dismantled from the ceiling / wire. Depending on the height at which the luminaire is installed, the insert is available in several light distributions. The luminous flux is adjustable in 4 steps on the driver. The insert can be adapted to DSI, DALI etc. to suit your installation. Contact our customer support for more information or questions;info@exaktor. se / 0370-69 07 20Manufactured in Värnamo.
