Cover rings and reinforcement rings

2026-11-14

https://exaktor.com/en/product/tackringar-och-forstarkningsringar/

- Several sizes and designs
- Cover rings for installation in existing cut-outs
- Reinforcement rings for extra load-bearing in soft ceilings

Find the cover or reinforcement ring needed for your specific installation. The cover and reinforcement rings are made of sheet metal and can be used as accessories for mounting downlights or other fixtures. The cover rings are powder-coated in white, while the reinforcement rings are made of galvanized sheet metal and are supplied uncoated.
