- Pleasant glare-free light for maximum comfort
- Dimmable with adjustable output and color temperature
- High color rendering with CRI>90

DIP SWITCH CCT | CE | CRI>90 | Dimbar | DIP SWITCH POWER | IK06 | IP54 | DALI 2

Stylish downlight with white textured ring, matt reflector and lens-equipped LED. The luminaire provides excellent light distribution and glare control (UGR < 19). The series is available in three sizes: S, M and L. All models have adjustable colour temperature and CRI > 90 as standard. Suitable for environments with high demands on light quality, such as schools, offices, hotels and homes.
Available with phase dimming (front/rear edge) or DALI. The phase dimmable version has a 3-pole quick-connect terminal with bypass, while the DALI version has a 5-pole quick-connect terminal. A connector between the driver and the luminaire simplifies installation. The driver is equipped with screwless strain relief where 16 mm flexible hose can be locked without tools.

## Variations

| E-number | Product name | Max. system power (W) | Colour temperature (K) | Beam angle (°) | Mått (DxH/D, mm) | Colour | IK class |
