

- Adjustable output and color temperature
- Available with Zhaga Book 18 socket (Z18)
- Combine with exNode BTDA for Bluetooth and sensor control

High-bay luminaire with a black-lacquered aluminium frame. The luminaire is D-marked and designed for environments with high ceilings, such as industrial premises, warehouses, gyms or supermarkets. Suitable for use in environments with temperatures ranging from -30°C to $+50^{\circ}\text{C}$.

Supplied with a smart hook with locking mechanism for chain mounting, as well as a 1.5 m pre-fitted connection cable with screw terminals for easier installation and connection. A suspension bracket is available as an accessory for ceiling mounting.

The luminaire has adjustable beam angles (60° , 90° , 120°), with the factory setting at 90° , as well as adjustable colour temperature, and provides a very high luminous flux. The FLEX variant has adjustable power, whilst the Z18 version features a Zhaga Book 18 socket for Bluetooth control via, for example, Exaktor Koolmesh/BTDA.

As an accessory, the luminaire can be fitted with an aluminium or PC reflector to create a different light pattern and a new visual appearance.

Variations

E-number	Product name	Max. system power (W)	Colour temperature (K)	Beam angle (°)	Mått (LxWxH/D, mm)	Colour	IK class
7220900	Beam G3 2CCT FLEX	200	3000 - 4000	90	-x-x190	Black	IK08
7220901	Beam G3 2CCT Z18	200	3000 - 4000	90	-x-x210	Black	IK08
