- Flexible all-round luminaire IP44
- Built-in motion sensor and adjustable color temperature
- Programmable with the Exaktor Koolmesh app

IK06 | 🏠 | IP44 | ⬛ | ⚹ BTDA

Exaktor's new Bluetooth-controlled industrial luminaire POP Li 44 BTDA – has the same unique features as other POP Li44 models but is equipped with a BTDA RS sensor (microwave sensor) for full control over the lighting. This versatile base model is tailor-made for simpler industrial environments, warehouses, garages, basement storage rooms, attics and laundry rooms. POP Li44 BTDA is the reliable and energy-efficient lighting solution you need, with quick and easy installation and minimal maintenance. With adjustable colour temperature of 3000K, 3500K, 4000K and adjustable brightness in the Exaktor Koolmesh app, you can easily customise the light to suit your needs. The luminaire is eco-designed with replaceable LED modules, drivers and sensors, making it both durable and environmentally friendly. Choose POP Li44 for a smart, flexible and effective lighting solution with low energy consumption. POP Li44 is also available as on/off or RS (microwave sensor).

Variations

E-number	Product name	Max. system power (W)	Lumen (lm)	Colour temperature (K)	Beam angle (°)	Mått (LxWxH/D, mm)	Colour
