

- Suitable for agricultural use; IP66 & D-marked
- Lenses suitable for installation even at great heights
- Made in Värnamo, Sweden

Mamba Agro+ is a robust and well-encapsulated luminaire made of glass-fibre-reinforced polyester with an IP66 rating, developed for agriculture, livestock housing, industry and other demanding environments. The luminaire is D-marked and has a high luminous efficacy of up to 166 lm/W. The luminaire can be used outdoors if fitted under a roof.

Mamba Agro+ is available in lengths of 1200 and 1500 mm, with 4000K as standard and a beam angle of 90° or 120°. Adjustable power and luminous flux in four steps offer great flexibility and make it easy to adapt the lighting to suit your needs. Variants with extra-high luminous flux (HO) are also available.

The luminaire is available in On/Off, DALI and BTDA versions. The BTDA version features a motion sensor and wireless Bluetooth control via the Exaktor Koolmesh app. All versions have a 5G2.5 mm² connection.

On request, the luminaire can be customised with a different colour temperature or CRI90.

The luminaire is manufactured in Värnamo.
