- Wardrobe lighting with E27 socket
- Mounted in door frame
- Made in Värnamo, Sweden

IP20 E27

9020B is a door frame mounted wardrobe light. The luminaire has a sleep switch that turns the light on when the door is opened and off when the door is closed. 9020B is delivered without light source but is adapted for light sources with E27 base. The luminaire has a body in light gray plastic and a screen in white powder-coated steel plate to protect the light source. Cable entries on both sides and at the top. The luminaire is made in Sweden.
