

- Under-cabinet luminaire with type F socket
- Rocker switch as standard
- Made in Värnamo, Sweden

Brage is an efficient under cabinet luminaire available in 3 different lengths, 400, 600 or 1200. The luminaire has a good glare-free light image that is suitable for kitchens, hospitals or other work environments. Brage is equipped with double sockets and toggle switches as standard, except for Brage 400 which has a single socket and toggle switch. The luminaire is available in 3000K or 4000K and as dimmable or on/off. The luminaire is mounted on the underside of, for example, cabinets or shelves, and during installation, the lid of the luminaire can be turned so that the socket is placed in the desired direction. The luminaire is manufactured in Värnamo.
