

- Decorative panel with different motifs
- Made in Värnamo, Sweden

The iLLUST decorative panel is delivered in complete sets with three standard motifs to choose from; Molns, Sea or Trees. Each set consists of four decorative panels that together create a common motif. Applications for iLLUST include conference rooms, staff rooms, examination rooms and foyers. Installation is simple, they can be mounted in a 60x60 ceiling with a visible support frame or directly against a wall or ceiling. The total external dimensions of iLLUST are 1200x1200 mm. iLLUST is available in 6500K and as on/off or DALI. The decorative panel is delivered with a free-standing, strain-relieved control gear and a 3.0m cord set with plug. There is a quick connector to connect the panel to the driver. On request, the decorative panels can be supplied with a customized motif. The decorative panel is manufactured in Värnamo.
