- Stylish and functional pendant lighting
- Prismatic glare shield or reflector glare shield
- Made in Värnamo, Sweden

Stratus is a stylish and functional pendant interior luminaire for offices, conference rooms or schools. The luminaire has a wide-spreading uplight (55% on the 1200 variant and 60% on the 1500 variant) and a well-glare downlight (45% on the 1200 variant and 40% on the 1500 variant) towards the work surface, which makes the luminaire suitable for environments with high demands on glare. Stratus is available in two different lengths (1200 and 1500mm), in 3000 and 4000K and with microprismatic glare control or reflector glare control. The luminaire is available with the following controls: DALI can be connected as DALI or as impulse control/Switch dim. Supplied with 3m 5-wire cable as standard. DE Direct/indirect light is jointly adjusted with a pull cord. Supplied with 3m cord set as standard. 2xDE Separate control of direct/indirect light with double pull dimmers. Supplied with 3m cord holder as standard. DE NS Direct/indirect light is jointly adjusted with a pull cord. Presence sensor which has a basic setting with a 15 minute hold time before it switches off. Upon ignition, it returns to the last used setting. This provides an energy-efficient and user-friendly solution that is appreciated by users who often return to the same workplace. Supplied with a 3m cord set as standard. 2xDE NS Separate control of direct/indirect light with double pull dimming. Presence sensor that has a basic setting with a hold time of 15 minutes before switching off. Upon ignition, it returns to the last used setting. This provides an energy-efficient and user-friendly solution that is appreciated by users who often return to the same workplace. Supplied with a 3m cord holder as standard. On request, Stratus can be ramp mounted with up to 10 luminaires in a row and ordered with different luminous flux. The luminaire is manufactured in Värnamo.
