2026-11-22

- Modern industrial style
- Made in Värnamo, Sweden

Ra is a pendant luminaire with both indirect and direct light for e. g. offices, conference rooms or schools. The luminaire can also be used over a reception desk or checkout counter. Ra has an industrial design with visible screws, textile cord and structured lacquered frame. The luminaire can be selected with dragdim/DimEasy for joint control of up/down light or with built-in smart active+ sensor control, an energy-saving fully automatic and smart solution that includes presence detection, constant light and CLO over lifetime. The luminaire comes standard with a 2. 8 m textile cord with plug and is suspended from the ceiling with the included wire suspension (1. 0 m wire). The luminaire is manufactured in Värnamo.
