

- Replaceable light source
- Rocker switch as standard
- Made in Värnamo, Sweden

Viking LED fluorescent lamp is a low-built countertop/under-cabinet luminaire intended for installation under cabinets in, for example, kitchens or laundry rooms.

The luminaire is available in variants with or without a socket and has a reversible lid which means that the socket and switch can be turned so that it is placed on the right or left side of the luminaire.

Viking LED tubes are equipped with rocker switches as standard and the variants with sockets are failsafe and grounded. Spare LED tubes in 3000K are available for purchase on E-numbers - 600mm: 82947591200mm: 8296354

The luminaire is manufactured in Värnamo.
