

- Flexible all-round luminaire IP44
- Adjustable colour temperature
- Double grommets on the back of the luminaire

Discover Exaktor's new POP Li 44 industrial luminaire - the perfect combination of function and efficiency. This versatile base model is tailor-made for light industrial environments, warehouses, garages, basements, attics and laundries. The POP Li 44 is the reliable and energy-efficient lighting solution you need, with quick and easy installation and minimal maintenance. With adjustable color temperature of 3000K, 3500K, 4000K and adjustable brightness up to 3300 lm (600mm length) and 4900 lm (1200mm length), you can easily adapt the light to your needs. The luminaire is eco-designed with replaceable LED modules, drivers and sensors, making it both sustainable and environmentally

additional On/Off or RS luminaires.
