

- Stylish and functional ambient lighting
- Available with asymmetric light pattern
- Made in Värnamo, Sweden

Stratus DT is a stylish and functional general lighting for installation on ceilings. The luminaire is well suited for lighting in, for example, shops, offices or schools. Stratus DT is available in variants with prismatic glare protection (P) or reflector glare protection (R) that creates a well-defined light image. The luminaire is available in one length (1200mm), 3000 and 4000K and as on/off or DALI. On/off has a 3-pole terminal at the end. DALI can be connected as DALI or as impulse control/Switch dim and has a 5-pole terminal at the end. Stratus can on request be ordered with other luminous flux or as 1500mm length. The luminaire is manufactured in Värnamo.
